

Understanding the world

Freezing and Melting

Parents only!!

Tomorrow, I would like Mr Freeze to visit your house! He is going to freeze something and the children need to find it and then release it.

It would be lovely if you could freeze a small toy or even a spider from last week, in a pot ready for tomorrow.

If you have room in your freezer you could freeze lots of different toys but one is just fine.

I have added a letter from Mr Freeze for tomorrow too. If you can print, you could put it into an envelope and leave it on the doormat tomorrow morning.

More tomorrow!

Thank you so much.

Mrs Ford
