

Tuesday 5th January 2021

Hello Early Years!

Happy New Year, I hope that you all had a lovely holiday.

This half term our learning will be based around superheroes.

I have 3 things for you to do today:

1. Who is your favourite superhero?
Can you tell a grown up?
How many Superheroes can you think of?

Could you draw a picture of one of them?

2. Our new sound for today is **j**.

Have a go at reading the **j** words and then you could try to write them too.

3. Can you use your Numicon tiles to find 1 more?

We did this last half term. Can you remember?

1 more than 7 is 8

Or $7 + 1 = 8$

There are some '1 more' number sentences for you to try.

Mums and dads, please don't expect your child be working on these activities for long periods of time. 15 -20 minutes on each will be plenty, unless they are very keen!

Don't forget to play games, do jigsaws, colour, draw, paint, cut out, build, dress up, play outside and generally have fun. These are all such important activities that we would be doing in Early Years throughout the week.

There are some good number games to play on the tablet at [topmarks.co.uk](https://www.topmarks.co.uk)

Short **j** video on **BBCbitesize KS1 English phonics phase 3 j**

Don't forget **Phonics Bug**. There is a new book to read to recap sounds we have learnt already.

Mrs Ford
