

6/1/21 WALT use what we know about numbers to find answers.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Number 24 has been circled. Are the following statements true?

- It's an even number.
- It's between 20 and 30.
- It's a 2-digit number.
- It's greater than 20.
- It's not in the 10 times table.

Using the number square, can you work out the mystery numbers below?

I am less than 30.
I am more than 15.
I am a multiple of 10.
What am I?

I am less than 40.
I am more than 20.
I am an even number.
My two digits add up to 5.
What am I?

I am less than 50.
I am more than 40.
I am an odd number.
I am five more than 40.
What am I?

I am less than 20.
I am more than 1.
I am a teen number.
My two digits add up to 4.
What am I?

I am less than 50.
I am more than 20.
I am ten less than 50.
What am I?

I am less than 50.
I am more than 40.
I am an odd number.
I am in the five times table?
What am I?

Can you think of some clues for your own mystery numbers?
