

Year 6 remote learning for 01/02/2021

Welcome to week 5 of home learning! I hope you are all ok and are keeping safe.

Mathematics lesson:

5-a-day booklet first. Answers can be found on:

<https://corbettmathsprimary.com/2018/05/30/5-a-day-november-answers/>

Mental maths:

Use mathsbot as we normally do in class. <https://mathsbot.com/starterMenu>

Choose starter generator. Then choose time: 10 minutes, topic: four operations, min difficulty: 2, max difficulty 6. Then click create starter.

You will have 10 minutes to complete the starter as we would do normally in class. Once the time has run out, click each box to reveal the answers.

Main part of the lesson – Calculations – long division

Today we are going to recap dividing numbers using the long method. Hopefully this is all just a recap for you as we did cover this in the Autumn term. To complete the tasks as you are going along, follow the lesson with a blank piece of paper and pause when necessary to write notes and complete example questions. Watch it through and ensure you have a go at the examples.

Now try the questions on the following page.

Activity 2: Over the next 2 weeks we are going to be exploring 'Pandora' and its inhabitants to create a leaflet. Watch the clip below and fill write down as many 'facts' as you can.

Make sure you know what each of these words mean by looking them up in the dictionary.

VIPERS lesson:

Our focus for this week is Explain.

In our first VIPERS lesson, we read the text, underline and identify any words we do not understand and use a dictionary to find their definitions.

I have attached the PDF separately for you to read.

P.E. lesson:

Continue with your circuit training. Did you beat your score?
