

In winter it is very cold.

Sometimes it snows.

A photograph of a garden on a frosty morning. In the foreground, a young, bare tree stands in a mulched bed. The ground is covered in a light layer of white frost. Various plants, including shrubs and grasses, are also covered in frost. In the background, a wooden fence and a brick building are visible.

Sometimes it's frosty in the morning

Sometimes it's icy

A photograph of a residential yard. In the foreground, there is a wide, light-colored gravel driveway. To the right of the driveway, there is a lawn area with several rectangular sections of gravel mulch. In the background, there are several trees with green foliage and a wooden fence. The text "Sometimes hailstones fall from the sky" is overlaid in the center of the image in a bold, black, sans-serif font.

**Sometimes hailstones fall
from the sky**

It can be very windy...

...and very rainy

What do we need to wear in the winter~

Photo: Alyn Walsh

For some birds, it's too cold here in winter so they fly away to warmer countries.

**In winter, cats and dogs
grow more fur to keep
them warm**

Some animals go to sleep for the whole of the winter because it's very cold and come back out in the spring time when it's nice and warm. They are hibernating.

We can warm our houses by putting the heating on or lighting the fire

In the winter it is darker. When you get up in the morning it is dark the sun takes longer to come up.

In the summer time, the sun is very fast to come up in the mornings and it is lighter when you get up.
