

Wednesday 3rd March

Letters and Sounds

Today there is a caption/sentence to write to practice the **or** digraph.

I would like the children to write - The horn is on top of the red fork.

But either of the two below are fine as they are still practising **or**.

horn on a fork

The horn is on a fork.

Maths – Number

I would like the children to make up their own number sentences today using the pigs and the fields from Monday. There is a sheet to write the number sentences on but any piece of paper will do.

The children need to decide how many pigs to put in each field, count them to find the total, then say and write the number sentence.

As a reminder I would say that the number of pigs in the first field is the first number in the number sentence, the number in the second field is the second number.

Say 5

7

12

$$5 + 7 = 12$$

Maths – Shape Space and Measures

We are going to be understanding and using positional language so that the children can describe where things are using words such as behind, next to, underneath.

This video is a fun way to begin.

Kids tv123 – Where's the monkey?

<https://www.youtube.com/watch?v=idJYhjGyWTU>

Firstly you will need the 'placing the pig' sheet and you are going to ask the children to put the pig in various places around the house. This works on their understanding of the words.

So you could ask them to put the pig –

On top of the house

Next to

Behind

Underneath

Below

Above

Inside

In front

Near

You could swap and your child could place the pig for you to describe so that they can hear you say the words too.

Next, the children are going to try to use the words themselves. The second sheet shows the pig in different positions and your child needs to tell you where it is.

Pointing to the pig and saying 'there' doesn't count!!
(This happens a lot!) 😊

If they aren't sure, tell them the word and then ask them to repeat it.

You could just use the pig and house from above if you prefer. You place the pig, your child says where it is.

If you would like to share some photos of your child's learning, I would love to see them or if you just need to ask a question, please email eyrs@oldheath.essex.sch.uk
